Dave Crump G8GKQ

The IARU Region 1 ATV contest was held on 12/13 June 2021. Due to travel restrictions in some countries caused by the COVID 19 pandemic, the main scoring tables have again been split into two sections. Section one for entrants who only operated from their home station address, whereas those operating from alternative addresses or portable locations entered section two. There were 85 entrants from eight countries competing, using all bands from 432 MHz to 76 GHz.
